

Note: All Telephone Poles Property of Chesapeake Potomac Tele Co of Virginia

All Power Poles Property of VE POCO of Richmond Virginia

Note: This project is planned for as a part of the Interstate System. The cross-overs shown on these plans are temporary only. When service roads are constructed, a cross-over, except those at points where utility grade separation structures are shown, may be closed. When grade separation structures are built, all cross-overs are to be closed and no direct connection between the service roads and the main line pavement may exist, except through the interchanges.
